Mark,

We have a permit for a Somerville East Mine, ING040206. HOWEVER, it is Peabody Midwest Mining, not United Minerals. You should probably get more information from the party that emailed you, to be sure that this is the correct site. It's two miles south of Arthur, Indiana, in Pike County. I did a check on United Minerals and we don't have any site names even close to "Somerville East" owned by them.

Have a nice evening.
